DETAILED ACTION

1. Claim 9 is withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected invention, there being no allowable generic or linking claim. Election was made **without** traverse in Paper No. 5.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 1-8 and 10 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The instant claims are indefinite for the following reasons:

- (a) In claim 1, line 3, "a swelled shape" and line 5, "in the surroundings" are indefinite. It is not clear as to what structure applicant intends to claim.
- (b) In claim 2, line 7, "in the neighborhood" and line 8, "swelling up" are indefinite. It is not clear as to what structure applicant intends to claim.
- (c) In claim 3, line 11, "protrusion" and lines 12-13, "disposed in a region other than" are indefinite. It is not clear as to what structure applicant intends to claim.
- (d) In claim 10, line 5, "in a neighborhood" and line 6, "swelling up" are indefinite. It is not clear as to what structure applicant intends to claim.

Claim Rejections - 35 USC § 102

Art Unit: 2828

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 1-8 and 10 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Takeda et al. In as far as the claimed structure is understood, it is seen to read on Figure 4 of Takeda et al.
